All-purpose Room

Refreshments will be provided.

RSVP: info@mctgardenclub.org

*Please RSVP by **Sunday, September 25th**

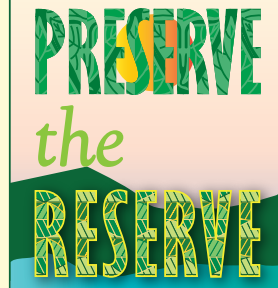

GROWING LEGACY

The Agricultural Reserve in Montgomery County, Md

Join us for our September community meeting to view “Growing Legacy”, the award-winning film about Montgomery County’s Agricultural Reserve – a national model for farmland and open space preservation.

The Agricultural Reserve also serves as the “Green Lung” that cools and cleans the air and protects our drinking water and wildlife. Post-film Q & A features local experts on farming along with filmmaker and Executive Director of the non-profit Montgomery Countryside Alliance, Caroline Taylor. Film

produced by Montgomery Countryside Alliance. Door-prize sponsored by Mill Creek Towne Garden Club, Derwood, MD. Refreshments will be provided. This program is for Adults and Teens.

Volunteer for MCA!

The Montgomery Countryside Alliance has a small full-time staff and

there are always volunteer opportunities available. Opportunities range from photography, research, events planning, publications, phone outreach, grant making, and web management. We will try to find opportunities that match your interests. The work is demanding yet fulfilling. This program is approved for Student Service Learning (SSL) hours by Montgomery County Public Schools.
